

12th European Congress on Digital Pathology

previously European Congress on Telepathology and International Congress on Virtual Microscopy

Worldwide INDUSTRY, RESEARCH and CLINICS participants:

- Business processes in Pathology: hospital integration, telepathology, e-learning
- Imaging technological advances: WSI, molecular imaging, label free technologies...
- Image analysis, knowledge formalization and modeling

Organized under the presidency of Catherine Guettier **SFP** (French Society of Pathology), honorary president, Etienne Martin

with the contribution of:

ADICAP (Association for Developing Informatics in Cytology and Anatomic Pathology), Frédérique Capron and

GFHC (French Group for Cellular Haematology), Xavier Troussard

Paris, France, 18-21 June 2014, collège des Bernardins, close to île Saint-Louis

www.digitalpathology2014.org contact: jklossa@telepathology2014.com

Abstracts submission deadline: January 20, 2014

- Contributors are all invited to submit an abstract (max. 400 words) for consideration for inclusion in the program.
- In addition, contributors who also aim at individually Pubmed indexed articles have to submit an extended abstract (less than 1500 words). Selected articles will be published:
 - either in "Diagnostic Pathology" (editor-in-chief Klaus Kayser, co-chairs Catherine Bor, Philippe Camparo and Myriam Oger)
 - or for computer science orientated articles in the "Computerized Medical Imaging and Graphics" Elsevier journal (editor-in-chief Daniel Racoceanu, co-chair Philippe Belhomme)

Organizing committee co-chaired by Jacques Klossa and Philippe Bertheau: Philippe Belhomme; Catherine Bor; Philippe Camparo; Odile Crepin; Christel Daniel; Bettina Fabiani; Vincent Leymarie; Daniel Lusina; Michel Manfait; Etienne Martin; Myriam Oger; Daniel Racoceanu; Thomas Schrader; Béatrice Vergier

Scientific advisory board co-chaired by Klaus Kayser, Catherine Bor, Daniel Racoceanu

Organizing and Sponsorship Secretariat:

The Office s.r.l. Via San Nicolò 14, 34121 Trieste (Italy)

Provisional agenda

Wednesday 18 June, 2014

IHE/DICOM joint meeting and at the same time "Young colleagues training session"

Congress opening at 18:00

Thursday 19 June, 2014

Keynote on telepathology

- Telepathology
- Image analysis
- Digital pathology / Virtual microscopy / Technological advances
- Posters presentation and session - PECHA KUCHA for young students

Friday 20 June, 2014

Keynote on knowledge formalization

- Knowledge formalisation
- E-learning
- Image analysis
- Posters presentation and session - PECHA KUCHA for young students

Saturday 21 June, 2014

Keynote on data mining and modeling

- Data mining
- Models in pathology
- Quality of experience
- Concluding remarks
